

GIRL'13@LUND Programme
2nd Conference on Games, Interactive Rationality, and Learning
April 23-26, 2013
Department of Philosophy, Kungshuset, room 104
Lund, Sweden

April 23

09:00-09:20 Coffee

09:20-09:30 Welcome

09:30-10:20 **Rasmus K. Rendsvig** (Roskilde University, Denmark): *Look and Learn: Extracting Information from the Actions of Others*

10:20-10:40 Coffee break

10:40-11:30 **Elliott Wagner** (University of Amsterdam, Netherlands): *The Emergence of Semantic Meaning in Finite Populations with Conflicting Payoffs*

11:40-12:30 **Kevin T. Kelly** (Carnegie-Mellon University, United States): *TBA*

12:30-13:30 Lunch (Tegners)

13:30-15:00 **Amanda Friedenberg** (Arizona State University, United States): *Bargaining under Strategic Uncertainty*

15:00-15:30 Coffee break

15:30-16:20 **Iris van Rooij** (Radboud University, Netherlands): *Are Rational Explanations Free from Mechanistic Constraints?*

April 24

09:30-10:20 **Emmanuel Genot (University of Lund, Sweden)**: *A Computational Model of Wason's Selection Task*

10:20-10:45 Coffee break

10:45-12:15 **Peter Gärdenfors** (University of Lund, Sweden): *The Role of Cooperation in the Evolution of Human Communication*

12:15-13:15 Lunch (Tegners)

13:15-14:05 **Patricia Rich** (Carnegie Mellon University, United States): *Comparing Axiomatic and Ecological Theories of Rationality: The Case for an Internalist Ecological Rationality*

14:15-15:05 **Daniel Cohnen et al.** (Stockholm University, Sweden): *Bounded Rationality and Perception: Strategies for a Confusing World*

15:05-15:30 Coffee break

15:30-16:20 **Alexandru Baltag** (University of Amsterdam, Netherlands): *Collective learning and its dangers: towards a logical approach to social information flow*

19:30-... Conference Dinner (Kungshuset)

April 25

- 09:30-10:20 **Sonja Smets** (University of Amsterdam, Netherlands): *Logic for Evidence-Based Belief Revision*
- 10:20-10:40 Coffee break
- 10:40-11:30 **Catarina Dutilh Novaes** (University of Groningen, Netherlands): *The Phylogeny and Ontogeny of Deductive Reasoning as Cultural Phenomena*
- 11:40-12:30 Poster session :
- Mark Blokpoel et al.**(Radboud University, Netherlands): *The Limits of Fast and Frugal Heuristics in Evolving a Language de Novo*
- Michael Franke** (University of Amsterdam, Netherlands): *Compositional Rules from Reinforcement Learning*
- Mathias Winther Madsen** (University of Amsterdam, Netherlands): *Non-Cooperative Pragmatics and Scalar Implicatures*
- Ruggero Rangoni** (Univeristy of Rome La Sapienza, Italy): *Bringing Heterogeneity in the Learning Process: Consumat Agents Play the Prisoner's Dilemma*
- Maria Spsychalska** (Ruhr-University Bochum, Germany): *Differences in Processing between Superlative and Comparative Quantifiers*
- 12:30-13:30 Lunch (Tegners)
- 13:30-15:00 **Ruth Millikan** (University of Connecticut, United States): *Rather than Empirical Concepts*
- 15:00-15:30 Coffee break
- 15:30-16:20 **Erik Mohlin et al.** (University of Oxford, United Kingdom): *Co-Evolution of Cognition and Preferences*
- 16:30-17:20 **Andreas Lind et al.** (University of Lund, Sweden): *Real-Time Speech Exchange Reveals that We Listen to Ourselves to Specify the Meaning of What We Say*

April 26

- 09:30-10:20 **Ingar Brinck** (University of Lund, Sweden): *Modelling the Negotiation of Demonstrative Reference: a Comparative Study*
- 10:30-10:45 Coffee break
- 10:45-12:15 **Brian Skyrms** (University of California Irvine, United States): *Dynamics of Signaling Games*
- 12:15-13:15 Lunch (Tegners)
- 13:15-14:05 **Cailin O'Connor** (University of California Irvine, United States): *Evolving Perceptual Categories*
- 14:15-15:05 **Jeffrey Barrett** (University of California Irvine, United States): *On the Evolution of Simple Ordinal Concepts and Transitive Inference*
- 15:05-15:30 Coffee break
- 15:30-16:20 **Stefanie Kooistra** (University of Amsterdam, Netherlands): *Logic for Evolutionary Game Theory*
- 16:30-17:20 **Justin Bruner et al.** (University of California Irvine, United States): *David Lewis in the Lab: Experimental Results on the Emergence of Meaning*
